School's Out

We hope everyone is enjoying their summer break! To stay connected with us through social media you can always follow us on Facebook, Twitter, or Instagram.

For immediate support, you can call our crisis line anytime, 24 hours a day at (612)825-0000. If you need to contact us for support, feel free to email us at intake@tubman.org.

We want to hear what you are up to this summer. If there is any way that we can help support you in your upcoming projects and endeavors? If you have used any of your MVP skills in your communities by talking to groups, making posters or presentations, or starting a campaign, we would love to hear about it. We would also love to hear your thoughts on the topics below:

- Feeling Lonely? Too Much Time On Social Media May Be Why by Katherine Schwartz
- Our Kids Are Losing Their Empathy & Technology Has A Lot To Do With It by Alondes Desmond Patton at TEDxBroadway
- They are Children: How Posts on Social Media Lead to Gang Violence by S.M. Schwartz

We say no to human geography. Yes to how we communicate and the role of technology in our lives.

We choose to be interested in, including job and volunteer opportunities, links to videos and social media.

Digital Communication

We are interested in articles, blogs, podcasts, digital communication resources and support from advocates. We offer basic hygiene supplies, school supplies, snacks, transportation support, and clothing.

NorthStar in the Maplewood Mall is located in Suite 2006, right across the street from the Maplewood Transit Center. NorthStar Youth Outreach Center is a drop-in center for young people ages 13-24 to have a safe space to hang out, use the internet, and get resources and support from advocates. We offer basic hygiene supplies, school supplies, snacks, transportation support, and clothing.

We go to football games and hang out for too long in the school lobby when we think about how our digital world interrupts our physical one:

- Communication: The rise of social media has introduced new ways by which technology can encourage communication only includes the face to face, or telecommunication.
